GREETINGS

from the City of Culips

THERE is a time each year when the Tulip takes command of the clean, thrifty city of Holland. In years past, hundreds of thousands of people have invaded this lakeshore community to drink in the beauties of spring-time's most welcome flower, and Holland has provided a daily round of festivities to entertain its guests.

But all the picturesque and entertaining festivities have been put aside for the duration, to be resumed again when victory is ours.

Meanwhile, the Nelis Nurseries, who have always played a quiet but important part in this annual Tulip Festival, will do their utmost to keep alive the culture of Tulips, which their forefathers began centuries ago. In its extensiveness of varieties and gorgeousness of color, the Nelis Tulip Farm is undoubtedly the most colorful mass display of Tulips to be seen anywhere in the world. We have planted as many Tulips as in past years, and our display will be open to the public for those that are able to come to enjoy the beauty of "Tulip Time."

Nelis Famous DUTCH RAINBOW Collection

This is the finest, most colorful mixture of Darwin, Breeder, Cottage and Lily-Flowered Tulips, in a color range that includes every color, shade and blending. Ideal for beds and cutting. Due to a near crop failure last year we are offering for 1944 only blooming size bulbs.

It has been our policy for years to show to the American public at our extensive display fields, the latest varieties available in Tulip bulbs. Our 1944 listing is as nearly complete as can be desired, and contains varieties which probably will not be handled by the average seedsman or grower for another decade.

Practically all varieties listed have been recognized as outstanding either in Haarlem, Netherlands; or London, England. Those marked F.C.C. received a First Class Certificate; those marked A.M., an Award of Merit.

| MRS. JOHN T. SCHEEPERS. 24 inches. A.M., F.C.C. One of the largest bright yellow Tulips, an oval-shaped flower which is carried on a straight stem. We consider this new variety to be the finest of the bright yellow Tulips available | 7.50 | |
| ORANGE DELIGHT. 30 inches. A.M., F.C.C. A good orange is still not plentiful among Tulips. This lovely oval-shaped Tulip, orange-scarlet in color, leaves a permanent impression on all who see it. Strikingly graceful. 1.50 | 5.00 | |
| PEACH. 27 inches. A.M. A glorious peach colored Tulip, with large white center; the flower is large, and carried on a stiff stem. A variety of great charm and beauty; long lasting. Highly recommended 1.20 | 4.00 | |
| PYRAMIS. 30 inches. Occasionally we have a Tulip which seems almost impossible to describe accurately. It is an olive colored orange, with lilac shadings. Exceptionally strong grower, and an equally free bloomer. At our last trial many plants had three to six flowers per plant | 3.75 | |
| RIVIERA. 30 inches. A.M. This desirable Tulip is considered the best of its color. A tall variety, with a large cup of soft lilac, it is greatly admired by our Tulip Time visitors | 3.75 | |

New and Splendid Giant Flowering

This new race, which blooms about eight days earlier than the Darwin type, is becoming better known every year, and during our annual Tulip Show more and more people are becoming interested in it. The average height is shorter than the Darwin, but they are of extremely sturdy growth, and therefore are excellent for hedding purposes. The varieties we have listed here are among the best

FLOWERING Double Culips

These double varieties are extremely showy, with flowers as large as Peonies, and come in extraordinary range of colors. They have created a remarkable interest, and in the past nearly all the available supply has been bought by our "Tulip Time" visitors, who were able to see them in bloom. As real novelties we want to recommend them for exhibition or show purposes. Of latest introduction, quantity of bulbs is limited, and early orders are more apt to insure delivery.

Novelty Parrot Julips

Here is a complete list of the most outstanding novelties in Parrot Tulips. These new Parrots, in contrast to the older varieties, all have heavy, firm stems to keep the flowers erect, and are a valuable addition to any garden. These new types, strange to say, have all sported from the more popular varieties long known to the flower lover. Most everyone has admired Parrot Tulip, Fantasy, which variety is by far the best known of this new type, and which has sported from the well known Darwin Tulip, Clara Butt. They are so entirely different from all the other flowers that they provoke the startled admiration

BOTANICAL TULIPS

These wild Tulips come in lovely odd shapes, many with reflexed petals and curiously twisted and reflexed foliage. They belong in the rock garden where they thrive and increase if left in the ground from year to year. Plant them in groups of six to twelve bulbs among the rocks in fairly well drained pockets. We have eliminated all varieties of inferior and poor blooming qualities and

only those varieties that have given satisfaction under American conditions have been listed.

CHRYSANTHA. 8 inches. One of the smallest species in existence; a real novelty. Color rich yellow with rose exterior. 50c per 3; \$1.75 per doz.; \$12.00 per 100.

EICHLERI. 10 inches. Crimson-scarlet shaded orange, with glittering black center marked with gold. Very large flower. This variety will outshine a great many of our cultivated Tulips. Native of Turkestan. Highly recommended. 70c per 3; \$2.25 per doz.

TA. 15 inches. Deep golden yellow inside; outside yellow to buff. Long pointed petals of unusual shape. 45c per 3; \$1.50 per doz.; \$11.00 per 100.

MARJOLETTI. 14 inches. Soft primrose with a carmine-red border; the flower held on strong, straight stem. Native of Savoy. Blooms second week in May. 60c per 3; \$2.00 per doz.

MADAME LEEBER 15 inches. A most intense orange red. This variety is considered by

MADAME LEFEBER. 15 inches. A most intense orange-red. This variety is considered by many to produce the largest flowers, for the petals measure 2¾ by 5½ inches, and when normally opened is 8 inches across. A most valuable addition. On account of its tremendous size, plant in shaded and protected spot. \$1.25 each; \$3.25 per 3.

SPRENGERI. 12 inches. Yellow with narrow red border. Late bloomer which blooms after the Darwin Tulips. 50c per 3; \$1.60 per doz.; \$12.00 per 100.

TUBERGENIANA. 16 inches. Award of Merit, R. H. S. Brilliant salmon-orange of tremendous size. This variety is outstandingly beautiful, but extremely scarce. \$4.50 each.

Sprengeri

Marjoletti

Croesus

ARCHERON. (Barri.) Outer petals open cream color, which turn almost pure white as the flower ages. The cup is of a deep orange color, a very strong and long lasting variety for outdoor planting. Received an Award of Merit. 45c per 3; \$1.50 per doz.; \$11.00 per 100.

BEATS ALL. (Incomparabilis.) A novelty of recent introduction. Perianth of light sulphur-yellow, with a flaring cup of chrome-orange, and rim of deeper orange at brim. An outstanding late and free flowering variety of robust growth. 70c per 3; \$2.15 per doz.; \$16.00 per 100.

BEERSHEBA. Perianth and trumpet of magnificent proportions. Sturdy foliage and stem, height 20 to 22 inches. Its color is pure white, and expressive of purity in the highest sense. Those who are forming collections of fine Narcissus rate Beersheba at the top of the large white Trumpets. Received an Award of Merit, and a First Class Certificate. \$2.00 each.

BONFIRE. (Barri.) A remarkable flower, entirely distinct, of perfect design and habit. Pure primrose perianth, with a cup of deep fiery orange, edged deep blood-red. Outstandingly beautiful among lower priced varieties. 60c per 3; \$1.90 per doz.; \$14.00 per 100.

CAMPERNELLE, DOUBLE. (Jonquil.) Ideal for cutting, for this variety has strong stems that bear from two to three small, fragrant flowers of golden yellow. About 13 inches tall. 45c per 3; \$1.35 per doz.; \$10.00 per 100.

In order to have a beautiful bulb garden, Narcissi should be planted freely. They thrive in practically any climate in the United States, and are not only excellent for outdoors, but millions are used every year for forcing indoors. Their graceful form, beautifully shaped trumpets and cups, and the long, straight stems have made them favorites for cut flower purposes with every American gardener. We have added many new varieties to the old favorites. For a real revelation you should try some of the new types. They are really exquisite.

That you may understand the different types coming under the Daffodil classification, the explanation below should be read.

The term Trumpet Daffodil means that the trumpet is as long or longer than the perianth segments, regardless whether the color is lemon, yellow or white. The term Incomparabilis means that the cup or crown measures from one-third to nearly the length of the perianth segments.

The term Leedsi means that the perianth is white, the cup is short, either white, citron, or sometimes pink or apricot.

The term Barri means that the cup or crown measures less than one-third the length of the perianth segments.

The term Jonquil means that the foliage is very long and narrow, or round; in other words, rushlike. The flowers buttercup yellow, small, but very fragrant.

The term Poetaz means the bunch-flowering type, producing from six to twelve flowers per stem, and in all cases deliciously fragrant.

CAMPERNELLE, SINGLE. (Jonquil.) A tiny, fragrant Daffodil of golden yellow, with tips of pointed, grasslike foliage reaching above the flower. A delightful blossom with overlapping broad petals making a nicely rounded perianth; frequently blooms three to a stalk. 40c per 3; \$1.15 per doz.; \$8.00 per 100.

CARLTON. (Incomparabilis.) A beautiful variety that is destined to become very popular when more widely known. Broad, overlapping flat perianth, with a large expanded cup frilled at brim, the entire flower of a uniformly soft yellow. A magnificent plant of great vigor, very free-flowering, carly, of long-lasting quality, excellent for exhibition. This variety received an Award of Merit. \$2.00 per 3; \$6.75 per doz.; \$50.00 per 100.

CASSANDRA. (Poeticus.) Perianth white, cup canary yellow, rimmed bright red; one of the newer Poeticus varieties. Award of Merit. 35c per 3; \$1.15 per doz.; \$8.00 per 100.

CHEERFULNESS. (Double Poetaz.) A double form of the famous cluster-flowering Daffodil. Received an Award of Merit; splendid for the garden, late blooming, very fragrant. Frequently called the "Gardenia Daffodil." 50c per 3; \$1.65 per doz.; \$12.00 per 100.

CROESUS. (Incomparabilis.) Perianth light canary-yellow, opening flat, with broad, fluted cup of rich orange to base; free flowering and desirable in every way. Received a First Class Certificate as well as an Award of Merit. 50c per 3; \$1.60 per doz.; \$11.50 per 100.

CROWNED BEAUTY. (Barri.) A novelty Narcissus, with a golden yellow perianth, the long petals producing a starlike effect. The deeply frilled cup of dark orange blends to a golden yellow at the throat. A large, open and airy flower. \$1.80 per 3; \$6.00 per doz.

or Daffodils

DAISY SCHAEFFER. One of the best of the remarkable new Giant Leedsi type; the flower 4½ inches across, with cup nearly 2 inches. Resembles a Giant Trumpet, but much more graceful in form; perianth pure white, with cup opening primrose and turning to light canary-yellow, deeper at the base. Long, lemon-yellow stigma and styles add to the color harmony of this remarkable flower, which has captured an Award of Merit, and several First Class Certificates. \$5.00 each.

DICK WELLBAND. An exhibition variety of great excellence, this variety stands out even in the largest collection of Daffodils. The perianth is pure white, and the cup a brilliant flame-orange, and the startling contrast between petals and cup makes this variety a great beauty. The color does not fade, but rather intensifies with age, and the flower has unusual lasting qualities. Highly recommended. \$2.75 per 3; \$10.00 per doz.

RETAIL. (Barri.) A new variety of importance, broad petaled, creamy white perianth, and large orange cup with scarlet-orange frill. Received an Award of Merit, and First Class Certificate. 75c per 3; \$2.50 per doz.; \$19.00 per 100.

FLAME. (Barri.) Bright yellow perianth and short, broad cup, conspicuously edged brilliant orange-scarlet. Very lovely variety. 45c per 3; \$1.50 per doz.; \$11.00 per 100.

FRANCISCA DRAKE. (Incomparabilis.) We cannot adequately describe the beauty of this distinctly new type. The pure white perianth petals are of unusual substance, an inch and a half wide, and tinted gold at the base, which shows through on the outside; the cup, wide and deep, is golden yellow at the base, changing gradually to flame-orange at the densely frilled edge; the flowers are held well above the fine foliage, giving the effect of white seagulls taking flight. Strong growing and very free-flowering; received an Award of Merit. 90c per 3; \$2.90 per doz.; \$21.50 per 100.

GLORIOUS. (Poetaz.) Tall flower, delightfully informal habit, creamy white, round perianth with brilliant orange-scarlet cup. Fine-for semi-shade. Received an Award of Merit and First Class Certificate. \$1.05 per 3; \$3.50 per doz.; \$26.00 per 100.

GOLDEN SCEPTER. (Jonquil Hybrid.) More gracefully proportioned than the Giant Trumpets, a medium sized, perfectly built flower of deep jonquil yellow, three or more inches in diameter, star-shaped perianth, slightly lighter than the trumpet, which is slightly rolled and flared at the edge; long-lasting qualities. Received an Award of Merit and First Class Certificate. 45c per 3; \$1.50 per doz.; \$11.00 per 100.

HELIANTHUS. (Barri.) Soft yellow perianth with a short, wide open cup, and a distinct edge of clear orange-red, extending golden yellow to the throat. The flower is medium in size, but very striking in its unusually fine and brilliant appearance. A real novelty. \$1.00 per 3; \$3.25 per doz.; \$25.00 per 100.

HER GRACE. (Leedsi.) Unusually lovely variety with a silvery white perianth, cup of delicate sulphur yellow, passing off white, which is deeply frilled at mouth. \$2.25 per 3; \$7.50 per doz.

IMPERATOR. (Trumpet.) This lovely, graceful Daffodil is considered one of the finest varieties. Perianth and cup purest white. \$1.35 per 3; \$4.50 per doz.

LUNA. (Jonquil.) New. One of the very best of this type, producing two or three large, very beautiful lemonyellow flowers on each stem. Very fragrant. 60c per 3; \$1.85 per doz.; \$13.50 per 100.

MARY COPELAND. (Double.) A beautiful novelty of the new semi-double type, and termed the most striking new double. The longer petals are pure creamy white with a golden ray down the center, interspersed with shorter petals of lemon and brilliant orange, giving a three-color effect. Received a First Class Certificate. \$2.00 per 3; \$6.50 per doz.; \$45.00 per 100.

Narcissus or Daffodils—Continued

INDIAN CHIEF. (Double.) An unusual variety, very large and very double, with bright yellow petals interspersed with orange, the petals curled and twisted, giving a peculiar, graceful effect. 75c per 3; \$2.50 per doz.; \$18.50 per 100.

INGLESCOMBE. (Double.) By far the only outstanding Daffodil in its class. Its color is of the purest yellow, without blemishes of any kind, unlike the older types which were marred with green in the petals. It keeps its pure color to the very last. Of the doubles, we feel we are offering you the best there is to be had. Received two Awards of Merit. 60c per 3; \$2.10 per doz.; \$15.00 per 100.

IRENE BORDONI. (Barri.) Outstanding among the new red-cupped Daffodils. Perianth of pure white, with beautiful overlapping petals of perfect form, tinted gold at the base. The cup is of brilliant flame-orange, which intensifies with age. \$1.25 each; \$3.50 per 3.

JOHN EVELYN. (Incomparabilis.) Deservedly an international favorite, and an outstanding variety among this class. Opening flat, the pure white perianth measuring four to five inches in diameter, with the cup densely frilled and fluted or shirred to the base; good neck, strong grower, and free flowering. Received an Award of Merit. \$1.00 per 3; \$3.25 per doz.; \$24.00 per 100.

KING ALFRED. (Yellow Trumpet.) Received a First Class Certificate. An old variety, but still very good. The finest giant all golden yellow Narcissus. Jumbo size bulbs, 75c per 3; \$2.50 per doz.; \$18.00 per 100. First size bulbs, 60c per 3; \$2.00 per doz.; \$15.00 per 100.

LAURENS KOSTER. (Poetaz.) White perianth with delicate lemon colored cup. A splendid variety; good for forcing. 50c per 3; \$1.60 per doz.; \$11.50 per 100.

LORD WELLINGTON. (Yellow Trumpet.) This glorious Daffodil is the best of the all-yellow Trumpets ever offered. The enormous flower of rich golden yellow has massive, broad petals, and an immense trumpet, and is carried on a strong stem. This exquisite novelty should be included in strong stem. This exquisite novelty should be every collection. \$1.80 per 3; \$6.00 per doz.

LOVENEST. (Trumpet.) One of the very few members of the "Pink Daffodil" class; among the daintiest of all the trumpets; medium in height with a star-shaped perianth of informal type; nicely proportioned trumpet of saffron-yellow, turning to apricot-pink; delightfully charming at all stages; very early. Received an Award of Merit. \$1.10 per 3; \$3.75 per doz.

LUCINIUS. (Incomparabilis.) An outstanding flower of unusually good form and excellent substance, of purest self-colored golden yellow. Received an Award of Merit. We recommend this variety very highly. 50c per 3; \$1.65 per doz.; \$12.00 per 100.

King Airred

[22]

Narcissus or Daffodils-Continued

MEDUSA. (Poetaz.) Perianth pure white with an orange red cup. This variety received an Award of Merit, also a First Class Certificate for a market variety for cutting from outside, as well as a variety for garden decoration. 50c per 3; \$1.55 per doz.; \$11.00 per 100.

MRS. R. O. BACKHOUSE. (Leedsi.) This is the famous "Pink Daffodil." Fine informal perianth of ivory white, and beautifully perportioned, slim, long trumpet of apricot pink, changing to shell pink at the deeply fringed edge; delicately beautiful but of exceptional substance; long lasting, early; belongs in every collection. \$2.00 each; \$5.75 per 3.

MRS. E. H. KRELAGE. (Trumpet.) The best known of the now popular White Daffodils, of very sturdy growth, smooth, waxy texture and good form. Trumpet slightly tinted palest yellow when first open, changing to a uniform ivory white. Received an Award of Merit. \$1.05 per 3; \$3.50 per doz.; \$26.00 per 100.

OLYMPIA. (Yellow Trumpet.) Perianth light chrome yellow, trumpet deep chrome yellow, of huge dimensions. Free flowering and hardy. Received an Award of Merit. 60c per 3; \$2.00 per doz.; \$15.00 per 100.

ORANGE BLOSSOM. (Incomparabilis.) A beautiful novelty, worthy of its name. Fine proportioned sulphur yellow perianth which is slightly tilted backwards, showing to greater advantage the graciously shaped deep orange trumpet. \$1.65 per 3; \$5.50 per doz.

ORANGE CUP. (Poetaz.) Perianth clear yellow with bright orange cup, considered one of the finest of the Poetaz group. Fine for semi-shade. 60c per 3; \$2.00 per doz.; \$15.00 per 100.

PHEASANT'S EYE. (Poeticus.) Snow white perianth; cup margined with bright crimson. Very fragrant; late blooming. 45c per 3; \$1.40 per doz.; \$10.00 per 100.

PYGMALION. (Incomparabilis.) Perianth sulphur-yellow, changing to ivory, showing deeper highlights. Large, frilled deep yellow trumpet, with a distinct orange edge. Received an Award of Merit. \$1.05 per 3; \$3.50 per doz.

RED BEACON. (Barri.) This lovely variety has a perianth of ivorywhite, with a very striking, spreading cup of brilliant orange. 50c per 3; \$1.65 per doz.; \$12.00 per 100.

RED CROSS. (Incomparabilis.) A famous new variety, extra large, and a strong grower; producing a flat primrose yellow perianth and a deep yellow cup, densely frilled deep orange, substantial and long lasting. Fine both in the garden and for exhibition. 80c per 3; \$2.65 per doz.; \$19.00 per 100.

RED GUARD. (Poetaz.) Another winner of an Award of Merit, with perianth of deepest golden yellow overlaid with salmon, and a cup of fiery red, making a beautiful and unusual color combination. \$1.50 per 3; \$5.00 per doz.

ROBT. SYDENHAM. (Trumpet Daffodil.) A superb, heavily frilled trumpet of beautiful golden yellow, backed by a symmetrical soft sulphur-yellow perianth. The whole flower shows strength, and is beautifully proportioned. Highly desirable for exhibition and garden purposes. 75c per 3; \$2.50 per doz.

SATURNUS. (Barri.) Large, pure white perianth, and an unusually beautiful, deeply frilled, deep orange cup, producing a glorious and striking effect against the white background. Strong flower and unquestionably one of the finest we offer in the latest varieties. Received the Award of Merit as well as First Class Certificate. \$1.50 per 3; \$5.30 per doz.

Narcissus or Daffodils—Continued

SIRENE. (Barri.) A lovely novelty with a large, well shaped perianth of cream-yellow with an enormously large, flat crown of brilliant orange, shading to orange yellow at the center. A strong grower, free blooming. \$1.35 per 3; \$4.75 per doz.

SPARKLING EYE. (Poetaz.) To us the most outstanding variety of the bunch-flowering type, which is in great demand among growers. White outer petals, cup glittering orange-scarlet, free blooming and fragrant. Blooming with Darwin Tulips, it prolongs the blooming season of Narcissi. Recently received an Award of Merit. \$1.45 per 3; \$5.00 per doz.

THALIA. In addition to a peculiar attraction at first sight, this flower leaves one with an impression that it is white, yet it is a whiteness that is not white. The recurving petals and the angle of the three trumpets are unlike the conventional short-cupped Daffodil. The stem is dark green, round and reedlike thin. Called "Orchid-Flower" Narcissus. 80c per 3; \$2.65 per doz.; \$20.00 per 100.

THE GOVERNOR. (Barri.) Beautiful overlapping petals of perfect symmetrical proportions, but seldom seen in Daffodils. The color is white, changing to ivory in center, and the fringed cup of bright red makes a beautiful contrast against its pure white background. An outstanding novelty, which we received direct from the originator, and are the first to offer it to the public. \$1.65 per 3; \$5.75 per doz.

THE PRINCE BARRY. (Poeticus.) A new novelty of the outstanding new Poeticus type. Perianth of purest white, wide overlapping petals of fine symmetrical form. The large, flat cup of golden yellow is bordered with a distinct dark red, and has a green center. \$1.20 per 3; \$4.00 per doz.

TREDORE. (Barri.) One of the most striking of the new novelties. Perianth of soft moonlight-yellow and strikingly symmetrical open cup of fiery red, with a soft salmon flush extending to the throat. Received an Award of Merit. \$2.10 per 3; \$6.25 per doz.

TUNIS. A large, tall, robust growing "Leedsi" of most distinct character and great lasting substance; broad waved white perianth and large bold ivory crown with handsome flanged and serrated brim, retaining a remarkable flush of pale coppery gold at the edge. Award of Merit, and First Class Certificate. \$1.00 each; 3 for \$2.75.

TWINK. A double of the semi-full type, with alternating petals of soft primrose and clear orange, and so arranged as to give the flower a most attractive appearance. Very free flowering and hardy. 60c per 3; \$2.00 per doz.; \$15.00 per 100.

AN WAVEREN'S GIANT. An enormous flower with deep yellow trumpet, perianth of pale yellow with outer petals exceptionally broad, and inner ones usually slightly twisted, making it very graceful. Received a First Class Certificate. 80c per 3; \$2.75 per doz.; \$20.00 per 100. VAN WAVEREN'S GIANT.

ESTA TILLY. Large flower with flat, reflexed, broad petaled, over-lapping perianth of pale primrose; flat cup of primrose yellow, with dainty, deeply frilled orange edge; extremely showy, and a great favorite, though a novelty of recent introduction. \$1.65 per 3; \$5.50 per doz.

ENOPHON. (Poetaz.) This variety produces large flowers of deep yellow, with large orange cup, free flowering and delightfully fragrant. Received an Award of Merit as a variety for cutting. 60c per 3; \$2.00 per doz.; \$15.00 per 100.

YELLOW POPPY. (Incomparabilis.) A fine new introduction, with a well proportioned perianth of good size, and flaring trumpet. Perianth of deep yellow, and cup of the same lovely shade. Beautiful and recommended for garden or for cutting. 45c per 3; \$1.50 per doz.; \$10.50

THE TULIP

Special offering of "The Tulip," a booklet describing the history and culture of the Tulip in the United States, by Harry Nelis. A very comprehensive and useful booklet for anyone interested in Tulip culture, contains full cultural instructions, especially prepared for those who wish to fully understand Tulip requirements. Regular price, 25c. SPECIAL NOW FOR ONLY 10c.

Suitable for Garden Display, Woodland Planting, or Cutting

Practically any soil has been found suitable, and they are grown equally well in the open as among trees and in woodland. Contains a mixture of large Trumpets, Leedsi, Barri, and Poeticus types, making a mixture that cannot be beaten for value, and worth much more than we charge for them. Plant at least 8 inches deep, but avoid places where water may collect at any time, as they like drainage. Try to plant before October 15th, or shortly thereafter, but place your order early, as the demand is increasing for these bulbs at this special low price we have adopted. We cannot take orders for less than 50 bulbs.

MINIATURE FLOWERING BULBS

To brighten up the border, for naturalizing in woodland, or for filling in the bare spots in the rock garden, these Miniature Flowering Bulbs are perfect, requiring little care, and establishing themselves without effort.

FALL BLOOMING **CROCUS**

These Crocus are different from the spring-blooming Dutch Crocus, and bloom during the month of October, while their foliage and seed pods as well, are produced the following spring. They are perfectly hardy, and establish and multiply easily. Order early. They should be planted in September. Try this Crocus for something unusual and entirely different.

ZONATUS. Rose-lilac and a very free bloom-ONATUS. Rose-filac and a very free bloomer. A very satisfactory variety, which may be used for indoor blooming. They will bloom dry, without soil or water, and after they are through blooming they may be planted in the garden where they will establish themselves without effort. 12 for \$1.00; \$7.50 per 100.

MUSCARI

(Grape Hyacinth)
This plant has foliage similar to that of Scilla, but the flowers are of entirely different form—grapelike clusters closely set, and wonderful for use as a cut flower; splendid for naturalizing. Height 15 inches.

LEUCOJUM VERNUM (Giant Snowdrop)

This is an early and most attractive spring flower. Reaches a height of approximately 6 to 8 inches, and bears nodding flowers of white, tipped with green. They should be planted in early fall in a good, well drained soil, about two inches deep, and especially effective if planted four or five inches apart, in clumps. They bloom more satisfactorily after they have become well established. \$1.40 per doz.; \$10.00 per 100.

CHIONODOXA (Glory-of-the-Snow)

Offered for the first time since the invasion of the Netherlands cut off our source of supply in 1940. These lovely, earliest of spring flowers of deep blue, with a white center, attain a height of 7 inches and produce spikes bearing 10 to 15 Scilla-like flowers. Perfectly hardy and should be planted close together for effect. We are fortunate in being again able to offer this lovely flower, bulbs grown from seed here at our nursery. \$1.00 per doz.; \$8.00 per 100.

English Iris

English IRIS

This magnificent mixture of bulbous English Iris has been developed at our nurseries, and contains all the choicest varieties which can possibly be had in these fine Iris. The English Iris are a bulbous Iris which bloom in our latitude about the early part of July, and come after all other bulbous Iris. They should be planted as soon after the beginning of September as possible for best results. They prefer the more moist and heavier soils, and should have good drainage. The blooms of the English Iris are considered to be the finest of any in the Iris class, and each cut flowers they are unsurpassed. We are offer-

Autumn Flowering ISIS

Flowering Two or More Times Each Season

Flowering Two or More Times Each Season

We take great pleasure in offering a list of the finest fall bloomers in cultivation. While best results are secured with these Iris below the Mason-Dixon Line, with a little care we have obtained excellent fall bloom in Michigan. Some of the varieties listed not only bloom profusely early in spring, but under favorable conditions also produce crop after crop of flowers for more than 100 days in late summer and fall. There are as yet but comparatively few of these flowers in existence, and the demand has been so great that we, as well as the few other growers who have stocks of fall bloomers, could fill only a small portion of the orders received last year. Please order early. Shipment will be made starting July 15th.

Imperator Dutch Iris

You Tulip lovers who balk at the thought of digging up and replanting your Tulips every year or two, will be glad to know that from the results of these tests we have found conclusively that the deep method of planting is far superior to any other. And by using this method, your Tulip planting

is more permanent!

When you plant your Tulips shallow the bulbs have a tendency to split up into several divisions, usually too small to produce bloom. This method is fine when used by growers for propagation purposes, but Mr. Average Gardener wants flowers! Therefore, plant deeper.

By planting deep, we mean 9 to 10 inches in heavy soil, providing there is proper drainage, or 12 to 14 inches deep in lighter soil. The bulbs do not split so readily, and remain of blooming size much longer. Also, if you've had your plantings ruined by inroads of mice and moles, another difficulty has been overcome, because they seldom work at that depth, and the bulbs are beyond their reach.

As deep planting is still in the experimental stage, the latest developments will be included with your order of bulbs. Look for it. Trials are now being conducted with Daffodils as well as Tulips.

The booklet "The Tulip—its Culture and Care," written by Mr. Harry Nelis, is available to our customers at 10 cents each.

IRIS RETICULATA

This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Dutch or Spanish Iris. Its main value lies in the fact that it can be forced into bloom in the house with the greatest ease. Six or eight bulbs put into a 4- to 5-inch pot when received will bloom about Christmas time. The fragrant blossoms remind one of a bunch of fresh violets. Perfectly hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rockery.
